Colossians – Keeping an Undiminished View of Christ in the Church

1. How have you beheld the glory of God this past week? What would you tell those who asked you to give a defense, an account, for the hope within you?
2. Who are some people who have encouraged you and how have did they do it?
3. In what ways have other Christians discouraged you?
4. Of the suggestions made in the sermon concerning being a “joint and ligament” that supplies and holds the body together, which ones (or additional ones) do you plan to first practice?
5. What are some of the causes of spiritual discouragement among Christians?
6. What are some of the harms that can occur when a Christian is lacking in encouragement?
