

R₂L – Resolved to Live: On Trial for Christ (Festus/Agrippa)

Acts 25

Discussion Questions:

1. What was Paul's continual goal even in the midst of hostility and false accusations? Can you demonstrate this biblically?
2. What are often our "first" reactions to hostility and false accusations? From what we see of Paul, what are some steps you can take to react differently or better?
3. Why are our responses to the questions, accusations, and/or hostility of unbelievers can be generally defensive and timid rather than offensive and bold for the gospel?
4. What are some specific things you can pray for yourself and other believers so that our responses to challenges of our faith are more pointed toward Christ?
